

Traditional and Classic Cat International

On behalf of the Breeders and Enthusiasts of all Traditional type cats, we wish to thank you for expressing your interest in our cats. We are a not-for-profit organization "Helping to Promote and Protect Traditional Cats Everywhere". We have since expanded to include Traditional and Classic type cats of many BREEDS!

We are well on our way to bringing back the now very rare Traditional Siamese cat, which features great beauty, loyalty, and personality, along with excellent general health and longevity. We are working towards the same sort of success in other breeds as well.

This Association binds together our members who share the same interests, and who are among the thousands of previous or present owners of these very special cats. Our members receive a Newsletter containing news about our members and their cats, updates on current standards, reports of promotional activities, educational articles, details and reports of Association meetings, and reports of club activities and shows.

We have opened our own Registry for ALL TRADITIONAL TYPES OF CATS, KITTENS, AND HOUSEHOLD PETS. Registry rules and a list of breeds already accepted are available to all who are interested. To support our efforts, you are cordially invited to join our Association. To join our group, or to receive our Breeders List, just check the appropriate box, clip, and return the coupon below to the address indicated.

We thank you again for your interest and support.

Membership Application

Mail to: TCCI Secretary
7615 Clyde Way
Smartsville, CA 95977
